State of New Hampshire.

[L. S.]

To the inhabitants of the Town of Conway in the County of Carroll and State of New Hampshire, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday, the 11th day of March next at nine o'clock in the forenoon to act upon the following subjects:

1. To choose all necessary town officers for the ensuing year and fix their compensation.

2. To see what sum of money the Town will vote to raise and appropriate in addition to the sum required by law for the benefit of the Town Public Library and how the same shall be divided.

3. To see if the Town will vote to raise and appropriate a sum of money sufficient to pay for breaking roads and snowing bridges due May 1st, 1913.

4. To see what sum of money the Town will vote to raise and appropriate for repairing highways and bridges in addition to the amount required by law.

5. To see if the Town will vote to raise and appropriate a sum of money sufficient to obtain state aid for the permanent improvement of its highways as provided by law.

6. To see if the Town will vote to raise and appropriate a sum of money sufficient to purchase an automobile truck for use on our highways.

7. To see what sum of money the Town will vote to raise and appropriate to defray town expenses for the ensuing year.

8. To see what sum of money the Town will vote to raise and appropriate to defray expenses of Board of Health for the ensuing year.

9. To see if the Town will vote to raise and appropriate the sum of seventy-five dollars for Custer Post, G. A. R. for Memorial day, May 30, 1913.

10. To see if the Town will vote to sell or dispose of the McMillan schoolhouse not in use in said Town.

11. To see if the Town wishes to take any action relative to disposing of or selling the Pest House located on the West Side, (so called) in said Town.

12. To see if the Town will vote to convey by good and sufficient conveyance the Union hall property situated at East Conway, to the Saco Valley Sewing Circle and appoint an agent for the purpose.

13. To see if the Town will vote to authorize the Selectmen to hird upon the credit of the Town the sum of fifteen thousand dollars if needed.

14. To act upon any other business that may come before said meeting.

Witness our hands and seal at Conway, N. H., this 24th day of February, A. D., 1913.

JOHN H. GARLAND,
WM. M. WYMAN,
HAVEN A. QUINT,
Selectmen of Conway.

Due from tax collector 1912-13,	03	1,125 12
Liabilities over assets,		$2,875 47

Increase of liabilities during year, $2,655 86

There is an outstanding note to the Conway National Bank for $3,000.00.

We did not assess $3,857.89 of the appropriations made and also did not assess any overlay. It was our desire to not assess and make the taxes any larger or more burdensome than actually necessary, and come out at end of fiscal year about even. Judging from past years as best we could, we expected to be able to do this and not assess amounts named. Our figures would have proved correct and results as expected but for one or two unlooked for things. By a misunderstanding of the figures given in to us by the Conway Lumber Co., of their stock in trade, we greatly over assessed them on this item and were obliged to rebate them to the amount of $1,981.13. We greatly regret this error especially as it was so large and so materially helps to make up a deficit. This coupled with increased expenses which we had to pay makes up the amount of this note.

AUDITORS' CERTIFICATE.

We hereby certify that we have examined the accounts of the Selectmen of Conway for the fiscal year ending Feb. 15, 1913, and find them correct with a voucher for each and every item of the accounts, and same entered under their proper head.

H. B. COTTON,
H. BOARDMAN FIFIELD,
Auditors.

Report of Conway Police Court.

To the Citizens of the Town of Conway:

We respectfully submit the following report from the docket of the Police Court for the year ending Feb. 15, 1913:

Whole number of cases entered,		47
Classified as follows:		
Drunkenness,	18	
Violation of liquor laws,	8	
Larceny,	4	
Assault,	3	
Violation of fish and game laws,	3	
Trustee service,	2	
Robbery,	1	
Breaking, entering and larceny,	1	
Polygamy,	1	
Violation automobile laws,	1	
Rape,	1	
Writ of Possession,	1	
Carrying concealed weapons,	1	
Using obscene language,	1	
Aggravated assault,	1	47

Only one case was entered on the juvenile docket, and that for larceny.

Respectfully submitted,

J. L. GIBSON, Justice,
H. BOARDMAN FIFIELD, Special Justice.

Report of Library Trustees.

We respectfully submit an account of all money received and disbursed by us as Trustees of the Conway Public Library for the fiscal year ending Feb 15, 1913.

A. C. KENNETT, Chairman.

H. B. FIFIELD, Treasurer.

AUDITOR'S CERTIFICATE

I hereby certify that I have examined the books of the Treasurer of the Conway Public library, and find the accounts correctly entered and vouchers on file for each and every item. Conway, N. H., Feb. 21, 1913.

H. B. COTTON, Auditor.

REPORT OF LIBRARIAN OF CONWAY PUBLIC LIBRARY AT CONWAY, FOR YEAR ENDING DEC. 31, 1912.

The Library work, as well as other things, has been broken up this year on account of the two quarantines, one in January and one in November.

The Library has been open 271 days with a daily average of 23 books distributed. The total number of books loaned was 6,287. Fiction 4,004, Juvenile 1,995, the remainder divided among other classes.

Upon our reading table have been found regularly Munsey, Cosmopolitan, Technical World, Delineator, Youth's Companion, St. Nicholas, Little Folks, American Boy, and daily papers, which are provided by fines. Mrs. H. B. Fifield, Mrs. J. D. Bickford, Mrs. Orcutt, Mrs. S. C. Hill, Mrs. Augusta Merrill, Miss Gladys Hoagland and the Woman's Club have very kindly furnished other magazines. Through the kindness of the Editor, The Reporter is found on our tables every week.

Mr. Clarence Eastman has very kindly donated a fine collection of shells from the Pacific, and souvenirs, made from different trees, which he collected on his travels. He has also sent another large box of curiosities, but as our cases are all full, we shall have to wait until we can have new cases before opening them.

A number of our friends have very kindly given us a few books. 116 have been added by the Library Fund.

We most heartily thank each and all who have coniributed in any way to the prosperity of this Library.

MISS NINA B. HISCOCK, Librarian.

REPORT OF LIBRARIAN OF FREE PUBLIC LIBRARY AT CENTRE CONWAY.

The work at this library continues in even tenor with the work of previous years. It not only renders good service to the general public by the distribution of books and magazines, but especially caters to the teachers of our public schools and the school children. The room is much too small for the needs of the library. Many who visit the library for the purpose of reading and research are much handicapped, as every available space is occupied.

There should be a suitable and well equipped reading room. We hope the town and trustees will take this matter under consideration very soon. We should use every method to stimulate the interest of the children in better reading. It is upon the children that the future of the public libraries rests, and if we are to build for the future, the reading of the children should have our careful attention. Let us strive to make our libraries educatisnal centers rather than have them wholly appeal to those seeking entertainment alone. During the year Mrs. W. J. Comstock has given us 10 books, Mrs. Chas. Baird, 37, and Mrs. C. H. Hollister 3. Upon the magazine table are to be found regularly, American Boy, Everybody's, Christian Science Journal, Ladies Home Journal, Munsey, Outlook, Geographical Magazine, Pictorial Review, Red Book, St. Nicholas, Scribner's, Travel, World's Work, The Reporter and Country Gentleman. As for many years, Mrs. C. E. Morrill provides for the Outlook, Mrs. W. J. Comstock, St. Nicholas; Mrs. E. P. Underhill, Scribner's; Christian Science Society, the C. S. Journal; C. E. Allard, Country Gentleman; unknown friend, The Reporter. Each and everyone are in constant demand, as they are loaned to patrons for one week. We wish to again thank all for their kindly interest and support. From the annual appropriation there have been added 71 volumes. The circulation has been 2,257: fiction, 1,480; juvenile, 630; miscellaneous, 147.

During the past winter the trustees arranged with the Library Club of East Conway for a travelling library from the two Free Public Libraries to East Conway. 56 books have been sent them from the Centre Library. Miss Harriet F. Woodward is librarian, Mrs. John A. Andrews, sssistant. Books are also taken from this library by several people from Redstone.

Respectfully submitted,
ABBIE M. D. BLOUIN, Librarian.

State of New Hampshire.

To the Inhabitants of the School District, Town of Conway, in the County of Carroll in said State, qualified to vote in District affairs.

You are hereby notified to meet at the Town House in said District on Tuesday, the eleventh day of March 1913, at 1.30 o'clock in the afternoon, to act upon the following subjects:

Art. 1. To choose a moderator for the ensuing year.

Art. 2. To choose a clerk for the ensuing year.

Art. 3. To choose a treasurer for the ensuing year.

Art. 3. To choose a member of the School Board for the ensuing three years.

Art. 5. To see what sum of money, in addition to that required by law, the District will vote to raise and appropriate for the support of schools for the ensuing year.

Art. 6. To see what sum of money the District will vote to raise and appropriate for repairs on school buildings for the ensuing year.

Art. 7. To see what sum of money the District will vote to raise and appropriate for insurance and water for the ensuing year.

Art. 8. To see what sum of money the District will vote to raise and appropriate for district officers, and how the same shall be apportioned.

Art. 9. To see if the District will vote to sell the unoccupied school building at North Conway, known as the McMillan schoolhouse.

Art. 10. To see what sum of money the District will vote to raise and appropriate to finish and furnish additional rooms and install suitable heating and sanitary arrangements

in the school building at North Conway, agreeable to a petition signed by Andrew D. Davis and others.

Art. 11. To see what sum of money the District will vote to raise and appropriate to establish and maintain a high high school to be located in or near Conway village, and provide suitable building and grounds therefor and appoint a committee to carry this article into effect, agreeable to a petition signed by S. M. Hobson and others.

Art. 12. To hear the reports of agents, auditors, committees in relation to any subject embraced in this warrant.

Art. 13. To choose agents, auditors, committees in relation to any subject embraced in this warrant.

Art. 14. To act upon any other business that may legally come before this meeting.

Given under our hands at said Conway, this twenty-second day of February, 1913.

ABBIE M. D. BLOUIN,
ARTHUR H. FURBER,
L. C. PRESCOTT,
School Board of Conway.

A true copy, attest:

ABBIE M. D. BLOUIN,
ARTHUR H. FURBER,
L. C. PRESCOTT,
School Board of Conway.

Report of the School Board.

SCHOOL DISTRICT OFFICERS.

Abbie M. D. Blouin, chairman, term expires 1915; L. C. Prescott, secretary, term expires 1914; A. H. Furber, term expires 1913; A. J. Knowlton, superintendent and financial secretary. Regular meeting first Saturday of each month at 10 a. m., Conway Center.

At the annual meeting holden March 12th, 1912, Mrs. Abbie Blouin was re-elected a member of the School Board for three years.

At the meeting for organization for the current year Mrs. Blouin was made chairman: Mr. L. C. Prescott, recording secretary; and Superintendent E. C. Witham, financial secretary.

At the close of the spring or last term of the school year a number of our teachers tendered their resignation to the Superintendent and at the meeting of the Board the last of June Superintendent E. C. Witham placed his resignation before the Board. with the request that it take effect at once as he had been elected to and accepted a call to Southington, Conn., as Superintendent. This made it necessary that the School Board begin at once to look for new teachers and a superintendent.

A meeting of the Supervisory Board was called and Mr. A. H. Furber was appointed to enter into correspondence with various agencies relative to a Superintendent. In due course of time it was arranged that four of the candidates for Superintendent should come for a personal interview with the Supervisory Board at a meeting to be holden at the school building at North Conway on August 6th.

At this meeting Mr. Alonzo J. Knowlton was elected. Mr. Knowlton came to us from Belfast, Me., where he had served six years as Superintendent. Pervious to that he had had wide experience as a teacher in elementary, High and Normal schools in Maine and New Hampshire. His duties

in Conway were of a difficult nature from the first, there being so many new teachers, but he has met every difficulty; and we feel that he is proving himself to be of great worth to the District. As rapidly as possible the schools are being placed in charge of normal trained teachers or those holding a State certificate.

During the summer vacation the Board discovered that the interior of the school rooms at Redstone must be renovated. The plastering in the grammar room being badly cracked, it was deemed best to put in a wood ceiling and the entry on the south side was entirely sheated, (the one on the north side being finished in the same way last year), the roofs of the enterance porches needing shingles badly, a steel covering was placed on both. The roof on the south side of the building is much in need of a new covering and we trust ample provision will be made for a steel roof to be put on during the long vacation. As cold weather came on the office of the School Board, at the Center, was found to be wholly unfit for a recitation room, and a partition was placed in the center of the primary school room and a room thus arranged for the intermediate grades of the school.

We regret the overdraw of the appropriation for repairs, but as the needs at Redstone and the Center were not considered in the spring the appropriation was simply insufficient and we felt that the work must be done. This winter we have requested the Superintendent to examine the various school buildings and note and report the repairs needed. As these needs have been mentioned in his report it is not necessary for repetition. We feel that it is policy to keep all of our school buildings in good repair, that they, with our schools, may be a credit not only to our town, but to our county and state.

In accordance with Chap. 52 session laws of 1909, the School Board recommend to the Selectmen that the following sums for the following purpose are necessasry for the ensuing year: 1. High school tuitions, $1,200.00. 2 Text books and supplies, $1,000 00.

Respectfully submitted,
ABBIE M. D. BLOUIN,
L. C. PRESCOTT,
A. H. FURBER,
School Board of Conway.

School Report.

Report of Superintendent Knowlton

Mrs. Chairman and Gentlemen of School Committee, Conway:

I have the honor and privilege to submit to you my first annual report of the public schools of Conway, it being the fourth in the series of such reports.

I entered your field of service last August, and have endeavored to pick up the threads of administration of my predecessor, Mr. E. C. Witham, thus to carry on the work with as little break as possible. This has been fairly successfully accomplished through the valuable assistance rendered by members of the School Committtee.

For a school report to be of value to the citizens, it is necessary for it to contain some local school history that progress may be noted as well as the plans and aspirations of the future.

There is a movement on foot to have a uniform statistical report for all schools in order that data secured for comparison may be reckoned from a common basis. If this is not done, the comparisons are of no value and many times are erroneous. The same fundamental statistics should be included in all reports. I cannot include all these items in this report for want of sufficiently accurate data.

Rank cards have been made out for the high and common schools. These are so arranged as to take the place of promotion cards at the close of the school year. Duplicate reports are kept so that the loss of a card does not mean the loss of a child'srecord.

Along with these cards, we have introduced a partial set of the National School Record System used by all up-to-date school systems and approved by the U. S. Commissioner of Education. We did not use a full set of records as our system is not sufficiently large. This system gives on one card the record of the child from the time that he enters school

till he has graduated from high school and what he does when he has left school. These records are made out in duplicate.

TEACHERS.

As the time approached for the schools to open last September, we realized that there were quite a large number of new teachers on the teaching staff of Conway. There were four new teachers at North Conway, two at Conway Village, two at Conway Center, one at Redstone, one at Kearsarge and one at West Side.

The 21 teachers employed in Conway have preparations as follows: 6 graduates of normal schools; 4 hold N. H. teacher's certificates; one holds a N. H. certificate and is a college graduate; 3 college graduates; 7 no special preparation for teaching. This shows 52 per cent. of professionally trained teachers in our schools. Effort should be made to increase the number of trained teachers till the per cent reaches 100. We believe this to be feasable and possible, hence our aim. It is said, "As is the teacher so is the school." It is well to bear one thing in mind, however, namely, ihat a normal school diploma or a State teacher's certificate does not carry with it a gnarantee of a good teacher. They must be tried in the furnace and found not wanting. It is said, and I think it is true, that a good teacher is cheap at any price and that a poor teacher is dear at any price. If this is true, we ought to think twice before we let a good teacher go for want of a slight increase in salary.

We think that, as a whole, the Conway School District is to be congratualated upon its selection of teachers. The teaching staff does honest, painstaking and conscientious work.

There have been a few changes since the schools opened in the fall due to various causes. Miss Reinhalter of the West Side school resigned for a more lucrative position in Cambridge, Mass. Miss Grace B. Miller is now in this school. Miss Florence A. Goodwin was secured as a regular teacher grades IV--VI, Conway Center in place of Eleanor D. Masterton who substituted in grades IV and V for the fall term.

Miss Scott of the Center grammar school resigned, middle of winter term, to complete her college course. This place is filled by Ermina A. Gushee. Miss Witham has resigned to take effect at close of winter term. Miss Sally Pitman, Green Hill school, and Mrs. Bessie M. Koffman, Redstone primary were dropped owing to the consolidation of these schools with others. Mrs. Koffman has been our substitute teacher since her school closed. The other substitute teachers employed are Mrs. Nellie Potter and Miss Anna Carter, Miss Alice E. Dones was secured the middle of February as teacher of music and drawing.

JANITORS.

The school building at Conway Village has been under the efficient service of Mr. L. P. Allard. Mr. Allard always has his buildings in neat and tidy condition and well heated. The basements are kept in good condition. Mr. Asa Huff has had charge of the schoolhouse at North Conway. Mr. Huff takes a great interest in his work. Benj. Perkins was janitor for the first part of the year at Conway Centre. His place is now filled by Mr. W. W. Philbrook. In the other schools, some boy in the district acts as janitor. It is important, for the comfort of the children, that we have janitors who will see that the buildings are properly heated by the time the children reach school in the morning and that the rooms are properly swept and dusted. Sanitation plays a very important part in the school life.

TRANSPORTATION.

This item costs the district quite a large sum of money. There has been very little complaint on the part of the patrons on these routes. This question is often asked: "Does transportation pay?" This may be answered in the affirmative, provided that the consolidation effected leads to better teaching, more interest in school work on part of pupils, greater efficiency and better results.

BOOKS AND SUPPLIES.

The regular supplies have been purchased consisting of paper, pencils, ink, rulers, etc. We have endeavored to have these used economically. There have been no changes

in text books. Those purchased have been to supply classes using books already introduced. A few sets of supplementary readers have been purchased and quite a number of reference books for the high schools to meet the State requirements. Among the reference books are sets of International Encyclopaedia.

We would recommend that a pupil entering the sixth grade be given a new geography, arithmetic and grammar and that he shall use the same books for as long a time as he shall remain in the elementary school. When he shall have completed the course satisfactorily, these same books are to become his property. If the child destroys these books before he has completed the elementary course he shall replace them. We believe that this will not materially increase the cost of books and will keep the books in much better condition, and further, the child will have some books for reference when he has left school. There should be some regulations as to the care of books and supplies.

HIGH SCHOOLS.

The North Conway High School has been under the charge of Mr. D. A. Wheeler as principal and Miss Jessie W Alley as assistant. This school has an approved two year course.

The school work in this school is as thorough as the teachers are able to make it. Many of the pupils do not do as much home work as they should. Parents ought to see that the children make school going a business and see that their home work is done. It is impossible for teachers to supervise the evening study. The most that teachers can do is to assign home work and test results next day. In many cases the results do not show what they ought. Very often it is found that no effort has been made to do the work assigned. This is not as it should be. The parents have a part to play in the school game and if all take an active part, and keep at it, the results are usually very satisfactory.

The high school at Conway village has been in charge of Mr. William H. Bailey with Miss Martha E. Lord as assistant. A course of study has been arranged which State Supt. Mor-

rison has approved for a two year course till July, 1913. Quite a number of reference books were purchased in order to get the State's approval. The teachers in this school are using every effort to bring the school up to grade. We are in hopes that at the close of the year all classes will have reached the required standard. The school work has been broken into by sickness.

The reports of the principals are appended and made a part of this report.

MUSIC AND DRAWING.

During the fall term, the School Board voted to introduce music and drawing into the school provided that a satisfactory teacher could be found for this combination. We have, at last, secured the services of Miss Alice E. Dones, a graduate of the Thomas Normal Training School of Music and Drawing, who comes to us highly recommended.

We feel that a move is being made in the right direction by the introduction of the subjects into our course of study. It will take about three years to get the course worked out. The older children will be obliged to begin at the beginning but will go rapidly while the lower grades must of necessity move slowly. We feel confident that satisfactory results will be realized in due time.

We do not aim to make musicians or artists of the children but to give them two more means of expressing themselves. These will make their lives broader and richer.

As we have no supplies in these departments, more funds should be appropriated for books and supplies the coming year.

REPAIRS.

Quite extensive repairs were made on the Redstone schoolhouse. This building is now in good condition except the roof which needs to be shingled the coming summer.

Some much needed repairs were made in the basement of the North Conway school building. Much more should be done to make the toilet arrangements sanitary and suitable.

The school building at Conway Village has been completed. This is a modern building in all particulars.

A partition has been placed in one of the rooms at Con-

way Center. This makes three rooms. A few other minor repairs have been made.

REPAIRS NEEDED THE COMING YEAR.

The East Conway school building must be shingled, painted inside and outside and supplied with two slate boards. The school building at Redstone must be shingled at least on the south side and ought to have four more slate boards.

Conway Centre should have some more windows to furnish sufficient light for the two new rooms, slate boards and some change in the heating arrangement. Some arrangement should be made for ventilation in these rooms. It will be a good plan to make a walk by a partition to lead from the new room to the toilets.

Slate boards are much needed at Kearsarge and some painting should be done. It would seem that some system of heating and ventilating this building would be a good thing. A good one is furnished by the Waterman Waterbury Co., Buffalo, N. Y.

At North Conway some changes should be made so as to make suitable toilet accommodations for the boys and girls. This building needs some means of fire protection. As the building is now arranged, it is a veritable fire trap. There is no means of ventilation in this building except by doors and windows. This is very unsatisfactory.

CONCLUSION

In conclusion, I wish to take this opportunity to thank the teachers for their faithful work in their endeavor to carry out our suggestions and for their co-operation and support. In union there is strength.

I also wish to thank those parents who have taken an active interest in our schools and who have labored with us for their betterment and success. We trust that all will unite on this one important question of the education of our boys and girls, so that our schools shall grow in thoroughness and efficiency, till they are second to none in the State.

We hope to see the coming year, less tardiness, better attendance, a closer study of pupils by parents and teachers as to physical hindrances to success and those hindrances re-

moved just so far as is possible, full co-operation of parents, teachers and pupils, better means of heating, lighting and ventilating some of the schoolhouses; more trained teachers; fewer changes of teachers; music and drawing well established; better results in writing; and our high school courses extended and enriched.

To you members of the School Board, I wish to extend my sincere thanks for your assistance, suggestions, support and hearty co-operation in my varied duties to the Conway School District.

Respectfully submitted,
ALONZO J. KNOWLTON,
Superintendent of Schools.

CONWAY VILLAGE SCHOOL REPORT.

To the School Committee and Citizens of Conway:

In attemping to present an outline of our work in the Conway village school for the past term, I feel that there is much in connection with our school that is of interest to all. The school during the fall term maintained a fair average attendance of 164, although broken up twice by the epidemic of diphtheria.

The new building completed last spring has proved to be very satisfactory to teachers and pupils, and we feel that it will compare favorably with any modern school building in the state. The up-to-date heating plant and ventilation system have been thoroughly tried and on no occasion have they failed to meet their requirements. The selection and installing of them was very commendable on the part of the committee. Last summer and fall the grounds around the building were graded, and through the efforts of teachers and pupils were so carefully protected, that by another fall they will be in an excellent condition. We hope that in the near future that the field at the left of the building may be properly levelled for a play ground and a baseball diamond.

At the opening of the fall term the high school had increased from seventeen pupils to twenty-eight, and now that the two year's course of study has been approved by the State

Board of Education, we may hope for a steady increase in the school. This approval of the two year's work in the high school through the efforts of Superintendent Knowlton, shows that a four years' course, necessitating a new high school building ought to be forthcoming in a few years, thus retaining our pupils in their own town to complete their preparatory education.

In meeting the state requirements, the following books have been added to the high school library: Anglo-Saxon Chronicle, Kendall's Source Book, Mahaffy's History of Greek Civilization, Farbell's History of Greek Art, Gulick's The Life of the Ancient Greeks, Cunningham's Industrial History of England, Selections from the Sources, Bury's History of Greece, Preston's Private Life of the Romans, Gardiner's Puritan Revolution, Gardiner's School Atlas of English History, Cary's Translation of Herodotus.

The teachers have been loyal and have given their best efforts. But in working to raise the standard of the school, morally as well as intellectually, they cannot do their best unless the parents have a high appreciation of education and help teach their children the value of this training. The interest and enthusiasm upon which so much depends cannot be sustained unless every member in the class is present for each recitation.

In closing, I wish to thank superintendent, teachers, pupils and citizens for their hearty co-operation and kind words of encouragement.

Respectfully submitted,

WILLIAM H. BAILEY,

Principal of Conway Village School.

NORTH CONWAY SCHOOL.

Mr. A. J. Knowlton, Supt. of Schools for Conway:

I hereby tender my report of the work done at the North Conway High School for the present year.

We have endeavored to keep a high standard scholarship. Our success has not been wholly satisfactory. There is one reason for it. Lack of sufficient and thorough preparation

of the assigned work. This can not be accomplished entirely within school hours if we are to keep the approval of the State. Those pupils who are doing honest work at home and at school are keeping a good standard, and those who do little work at school and less or none at home, are laying the foundation for disaster. If we wish to keep the State approval we must accomplish the work laid out in the State course of study. In order to do this each child must study at home at least two hours daily.

Visits from the parents help greatly, but they fail to realize this. We hope to see every home, sending a child to school, represented on our visitor's list before next June.

We extend our thanks to the Woman's Club for the beautiful flag which they so kindly presented to us.

The recent additions to our Reference Library from the town, Mr. and Mrs. Knowlton and others have greatly increased our efficiency.

A prominent educator in a neighboring state is responsible for the statement that the American Public School is not the special property of either the School Board, Superintendent or those who instruct the young, but of those who pay the expense of maintainance, and that they bare with those just mentioned the success or failure of the local public school. Bearing this in mind, I ask the parents of North Conway to work with us and help bring about more and better success this year than has been ours heretofore.

I extend my thanks to my colleagues for their faithful support and help. And to you, Mr. Superintendent, for your kindly words of advice and encouragement.

Respectfully submitted,

D. A. WHEELER.

			$15,056 15

SUMMARY,

Original appropriation,	$12,500 00
Special "	2,500 00
Rec'd from Kidder Machine Co., difference on boilers and material returned,	123 76
Rec'd from A L Hale for woodshed,	25 00
	$15,148 76
Total cost of building,	15,056 15
Balance cash on hand,	$92 61

We would recommend that the unexpended balance of $92.61 be turned over to the School Board and to use such an amount as will be necessary to erect a suitable fence between the schoolhouse lot and land of Mary Lord, and the balance, if any, to be used in grading schoolhouse lot.

Respectfully submitted,

L. D. GOULDING,
L. C. PRESCOTT,
F. P. ALLARD,
A. W. CHANDLER,
W. R. BURNELL,
C. H. CRAIG,
G. B. REED,
Building Committee.
